

Dear Parent/Guardian,

As you may have seen in the local press and on your school site, we are opening a brand new bilingual nursery at Woodcote Primary School. NWLDC have supported the idea by donating a grant towards costs for the innovative project, with it being the first one in the Midlands!

Due to the venture being a family-run small nursery, we are inviting Woodcote parents to enquire and book first if they have children of nursery age: children aged 6 months to 5 years.

"Forest School" themed log cabin open Monday-Friday

Key benefits:

- Small family nursery with only 30 spaces available
- Outstanding teachers with QTS/ Level 2/3 + Bilingual Level 5 Nursery Manager
- Children gaining a second language through play before they go to school
- Woodland setting complete with pond, outdoor reading area and sensory garden
- Fresh, nutritious meals provided on-site
- Both half days and full days available – open Monday to Friday 7.30am-6pm
- Extremely competitive prices
- Funded places accepted from April
- In-the-moment planning curriculum

This is an exclusive project for local children to learn a second language (Spanish) before they start school and there are only limited spaces available. Children will NOT have Spanish lessons - they will simply be spoken to both in English and in the foreign language and immersed through play.

Still unsure why your child should learn Spanish at such an early age? Look at the official research:

1. Britain will need its foreign language speakers post Brexit
2. Learning two languages before the age of 5 reshapes the brain improving cognitive control
3. Bilingual children have better employment opportunities in later life
4. Children who speak more than one language are open to other cultures and learn more languages
5. Speaking two languages before the age of 5 reduces the risk of mental health issues later in life such as dementia and Alzheimer's

Please contact us using the details below if you would like further information.

Many thanks,
